

high quality brass CNC precision pin

Main products

- Spring loaded pin(single) for PCB,ICT,FCT testing,etc;
- Pogo pin(connector) to establish a(usually temporary)connection between two printed circuit boards for charging, locating, Battery, Semiconductor & interconnect Applications;
- Double ended probe for BGA&semiconduction testing;
- Universal pin without spring,coating pin,LM pin with QZ&VZ series;
- High current probe,Switch probe,Capacitance needle...
- Terminal&receptacle/socket;
- Other related electronic components,30#OK wire,jig locks,POM,etc

Precision pin photos

The advertisement features a blue header with the SFENG logo and tagline 'The China's The World's'. To the right of the logo are three circular certification logos: RoHS (with a green leaf), ISO 9001 (with 'QUALITY ASSURED FIRM' and 'SGS'), and CE. Below these, a collection of various gold-colored precision pins and connectors is displayed on a white background. The pins vary in length, diameter, and tip shape, including some with springs and others with different terminal configurations. At the bottom, a blue banner contains the website address 'chinapogopinsupplier.com' in white text.
