

**SF-2.96x51**

**Technical Drawing**

This drawing shows the technical specifications for the SF-2.96x51 component. The drawing is a side view of a cylindrical component with various diameters and lengths. The dimensions are given in millimeters (mm) and include tolerances. The drawing is a technical drawing of a cylindrical component with various diameters and lengths. The dimensions are given in millimeters (mm) and include tolerances. The drawing is a technical drawing of a cylindrical component with various diameters and lengths. The dimensions are given in millimeters (mm) and include tolerances.

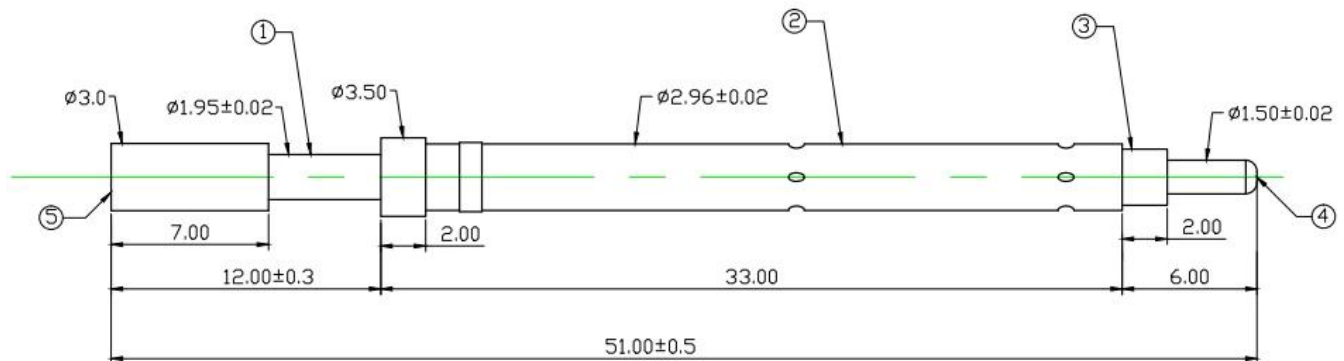

The drawing shows the technical specifications for the SF-2.96x51 component. The drawing is a side view of a cylindrical component with various diameters and lengths. The dimensions are given in millimeters (mm) and include tolerances. The drawing is a technical drawing of a cylindrical component with various diameters and lengths. The dimensions are given in millimeters (mm) and include tolerances.

Technical Drawing

Part Number	SF-2.96x51
Material	Becu, Au on Ni
Surface Treatment	Plating, Au on Ni
Material	Becu, Au on Ni
Material	Plating
Length	5.0mm
Weight	120g±20%
Material	Plating
