Our Service

1. We can reply your inquiry within 24 working hours.
2. Customized design is available and OEM are welcomed.
3. We can deliver the probe pins to our clients all over the world with speed and precision.
4. We can provide the lowest price with high quality product to our client .

Main Products

Spring loaded pin (single) for PCB, ICT, FCT testing etc;

Pogo pin (connector) to establish connection between two printed circuit boards for charging, locating, Battery, Semiconductor & Interconnect applications;

Double ended probe for BGA and Semiconductor testing;

Universal pin without spring, coating pin, LM pin with QZ and VZ series;

High current probe, Switch probe, Capacitance needle;

Terminal & receptacle /socket;

Other related electronic components, 30# OK wire, Jig locks, POM, Iron hinge etc

Quality Control

Spring exhausted tester	DC power supply	Current resistance tester
 A tall, white industrial cabinet with a glass door, used for testing spring exhaustion.	 A white YoRi adjustable DC power supply with a digital display and various control knobs and buttons.	 A white digital current resistance tester with a large green LED display showing '8888' and a control knob.
Microscope	Tensile strength tester	Spring tester
 A white and black laboratory microscope on a wooden table.	 A blue and white tensile strength testing machine with a vertical column and a sample holder.	 A white spring testing machine with a digital display and a vertical column.
