

high quality brass CNC precision pin

Main products

- Spring loaded pin(single) for PCB,ICT,FCT testing,etc;
- Pogo pin(connector) to establish a(usually temporary)connection between two printed circuit boards for charging, locating, Battery, Semiconductor & interconnect Applications;
- Double ended probe for BGA&semiconduction testing;
- Universal pin without spring,coating pin,LM pin with QZ&VZ series;
- High current probe,Switch probe,Capacitance needle...
- Terminal&receptacle/socket;
- Other related electronic components,30#OK wire,jig locks,POM,etc

Precision pin photos

The advertisement features a collection of various brass precision pins and connectors arranged on a white background. The pins vary in length, diameter, and tip shape, including some with springs and others with different coatings. In the top left corner, the SFENG logo is displayed with the tagline "The China's The World's". To the right of the logo are three certification logos: a green RoHS logo with a leaf, an ISO 9001 SGS logo, and a CE mark. At the bottom of the advertisement, the website address "chinapogopinsupplier.com" is written in white text on a blue background.
