

high quality brass CNC precision pin

Main products

- Spring loaded pin(single) for PCB,ICT,FCT testing,etc;
- Pogo pin(connector) to establish a(usually temporary)connection between two printed circuit boards for charging, locating, Battery, Semiconductor & interconnect Applications;
- Double ended probe for BGA&semiconduction testing;
- Universal pin without spring,coating pin,LM pin with QZ&VZ series;
- High current probe,Switch probe,Capacitance needle...
- Terminal&receptacle/socket;
- Other related electronic components,30#OK wire,jig locks,POM,etc

Precision pin photos

The advertisement features a collection of various brass precision pins of different shapes and sizes, including spring-loaded pins, double-ended probes, and standard pins. The pins are arranged on a white background. In the top left corner, the SFENG logo is displayed with the tagline "The China's The World's". To the right of the logo are three certification logos: RoHS (Restriction of Hazardous Substances), ISO 9001 (Quality Management System) with SGS (Société Générale de Surveillance) certification, and CE (Conformité Européenne). At the bottom of the advertisement, the website address "chinapogopinsupplier.com" is prominently displayed in white text on a blue background.
