

## Specifications

|                     |                                      |
|---------------------|--------------------------------------|
| Brand               | SFENG                                |
| Model               | 50 A Coaxial probe SF-PV 1-H-H-M 8.0 |
| Plunger             | Beryllium Copper                     |
| Body                | Brass                                |
| Spring              | SUS304                               |
| Spring force        | Customized                           |
| Full travel         | Customized                           |
| Rated voltage       | NO                                   |
| Current Resistance  | NO                                   |
| Spacing             | NO                                   |
| Mounting dimensions | NO                                   |
| MOQ                 | 100                                  |
| delivery time       | 15 Days after confirming order       |

## our service

1. Quick response.
2. Customized is accepted.
3. Short production time and fast delivery.
4. High quality and good price.

## Main products

Spring-loaded pin (single) of PCB, ICT, FCT testing;

Spring pin (connector) to establish a connection between two printed circuit boards for charging, positioning, batteries, semiconductors and amplifiers; interconnect applications;

BGA and semiconductor test double-ended probe;

Universal pin no spring, paint needle, LM pin QZ and VZ series;

High current probe, the probe switches, capacitors needle;

Pier and amplifier; socket / socket;

Other related electronic components, 30 # OK line, jig lock, POM, iron hinges, etc.
